

Quality (Supplier Flow Down) Requirements

A. SUB-TIER CONTROL

The supplier shall be responsible for flow down of all the requirements and provisions of the CB Technologies purchase order applicable to the supplier's sub-contractors. Additionally, the supplier shall comply with special processor requirements when imposed. (e.g. – NADCAP, AMS, Customer approvals, etc.)

B. RIGHT OF ACCESS

During the performance of this purchase order, your Quality Assurance or Inspection and Manufacturing process are subject to review, verification and analysis by CB Technologies, CB Technologies customers, and/or Government/Regulatory Agency representative(s). This requirement is applicable to your facilities where CB Technologies products and services are processed as well as your sub-tier's facilities. This 'Right of Access' must be flowed down to all of the sub-tiers that you utilize in performance of the contract.

C. SUPPLIER NON-CONFORMANCE APPROVAL REQUESTS

The supplier shall notify CB Technologies of non-conforming material. Requests for any departures from drawings, specifications, or other purchase order requirements must be submitted for consideration by CB Technologies in writing. CB Technologies will in turn either approve or deny approval of the request in writing. *Non-conforming material may NOT be shipped to CB Technologies without such written approval.* Non-conforming material shipped on an approved non-conformance must be accompanied by a copy of the signed CB Technologies approval document.

D. RECORDS RETENTION

The Supplier shall maintain adequate records of all aspects of the fulfillment of the purchase order for a period of not less than seven (7) years from the closing of the purchase order unless stated otherwise on the purchase order.

E. PROCESS CHANGES

Any changes to the product, process, suppliers, or facility that could impact ability of product to meet CB Technologies requirements must be communicated to CB Technologies.

F. AWARENESS OF CONTRIBUTION

The Supplier shall ensure that their employees are aware of their contribution to product or service conformity; their contribution to product safety; and the importance of ethical behavior.
